The movie is released on 9 December 2013. Plot Padma (Suresh Gopi) comes to a village for an official appointment. But he finds many people to complete his formalities. So, he comes to an old man (Guruvayoor Devan). He introduces himself as Pranayakadha (Fahadh Faasil). Raghu (Shivaji Guruvayoor) is a hot-headed guy. His uncle Kamal Raj (Nedumudi Venu) is a professor. He has a son who has gone to U.S. and has a daughter-in-law. He is suspicious about his nephew's behaviour and hires a psychologist (Mammooty) to examine his nephew. Padma is assigned to a school as a teacher. During this assignment, he meets the only girl of the school, Rani (Priyanka) and he likes her. He sees her and asks her if she has any problem. She asks for writing sample and he does it. She says that he wrote a very good story, so she asks for an interview and he writes a story. She praises his writing ability. He gets a job at a famous music company. Padma meets Rani. They fall in love. Rani talks to her uncle about a potential marriage. She is given a challenge by the elders of the family to make her marry Raghu. They are not in favor of it. They want to marry Padma, but Raghu and his uncle are not in favor. Padma and Rani decide to marry. Raghu and his uncle find out about Padma and Rani's relationship. Raghu has a girlfriend. He throws Rani out of his house. Rani takes a job as a driver to support her sister-in-law and her younger brothers. Padma becomes sad. Padma's school is closed and he is fired. Rani is looking for a job to support herself and her family. She and her father Rajan (Saikumar) pay a visit to the Raghu house to get support. Raghu asks them to leave. Padma takes another job as a house tutor. He teaches Rani how to read and write. He helps her in the process. Raghu's uncle is not happy about Padma's methods. The uncle makes many efforts to stop Padma and Rani's marriage. 82157476af
